ALLOWANCE

Pre-Brief Appeal Conference

1. Pre-Brief Appeal Conference was held on May 31, 2006. The decision was made to re-open the prosecution in result of persuasion of applicant's arguments.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on March 29, 2006 has been considered by the examiner.

Response to Arguments

3. Applicant's arguments, see Remarks on pages 2-9, filed on November 8, 2005, with respect to 35 U.S.C. 101 have been fully considered and are persuasive. The rejection has been withdrawn.

Allowable Subject Matter

4. Claims 1-5, 7-24, 26-43 and 45-78 are allowed and re-numbered to 1-75.
5. The following is an examiner's statement of reasons for allowance:

The instant invention defines a method and system for managing documents as stated in the independent claims. The claimed invention distinguishes over the prior art by the manner in which the merge command to a printing entity is requesting the document be printed with watermark information received from said printing entity. The claimed combination allows for improving a method and system for managing documents.

This type of method and system are conventional in the art. However, the prior art of record fails to teach receiving, at a centralized document manager, a request for a document from a remote user; selecting, using the document manager, an application service provider amongst a plurality of application service providers based on said request; forwarding said request to said selected application service provider; retrieving the document from said selected application service provider; and sending a merge command to a printing entity requesting that the document be printed with watermark information

received from said printing entity. These elements in combination with all of the other elements of the claims are not taught or fairly suggested in the prior art of record. The dependent claims 2-5, 7-19, 21-24, 26-38, 40-43, 45-57, 59-64, 66-71 and 73-78 are allowed for the same reasons.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
